

CSIAMUN XVIII 2026

CONFERENCE PROSPECTUS

Dear MUN Advisors,

It is with new, healthy experiences and profound discussions that leaders of the new generation are guided toward a path of growth. We are thus excited to invite students from your institution to participate in CSIAMUN, a distinguished Model United Nations conference tailored for students in grades 7-12.

CSIAMUN offers an outstanding platform for students to engage in diplomatic debates, hone their leadership abilities, and gain a comprehensive understanding of global issues. We look forward to bringing together talented individuals from across the world for this transformative experience.

The event will take place from January 2026 in the scenic town of Gapyeong, South Korea. Starting in September 1st, registration for CSIAMUN XVIII will be accessible online at our website, csiamun.org. The prospectus includes detailed information about the committees, topics, conference fees, and logistics, such as travel and accommodation.

We would be delighted to welcome a delegation from your school to our conference. For more information, please visit our website or contact us directly. We look forward to the opportunity of hosting your students this January for what promises to be an unforgettable Model UN experience.

If you have any questions or require further details about CSIAMUN XVIII, Please feel free to reach out to us.

Best regards,
Yuki Ikeda
CSIAMUN XVIII Secretariat

About CSIAMUN

CheongShim International Academy Model United Nations is a prestigious MUN conference, proudly organized by the students of CheongShim International Academy since 2007. Emphasizing a legacy of positive influence, innovation, and inclusivity, we annually host 200 to 300 students for an immersive 3-day conference in Gapyeong, South Korea.

This year, CSIAMUN XVIII aims to expand its opportunities to all students, all around the globe. This corresponds to our 2026 conference theme: “Bridging Divides.” We plan to accommodate more international delegates by providing financial aid for the conference fee itself to a limited number of applicants. We are confident that this will allow a more diverse group of delegates from all backgrounds to join us: an endeavor highly compatible with our goal of achieving enriching committee dialogue, filled with new ideas and perspectives.

Furthermore, with eight diverse committees catering to multiple areas of interests and levels of experience, we aim to create an enriching environment where all delegates, regardless of their background in MUN, will engage in highly intellectual and stimulating debates.

Join us at the conference this winter for an unparalleled educational experience that combines rigorous academic discourse with cultural immersion with the CSIAMUN XVIII members.

Our Leadership

Testimonials

Yunseo Summer Park, SC

"CSIAMUN has always stood out to me because of how welcoming and engaging the conference feels. The delegates bring so much energy to debate, and it creates an atmosphere where you're constantly learning from the people around you. I remember my first CSIAMUN, where everyone was supportive, engaging and eager to debate. Whether you were a first-timer or an experienced delegate, CSIAMUN was the chance for you to learn and improve and gain confidence. Especially, the balance between serious debate and the fun moments outside committee makes CSIAMUN something I look forward to every year!"

"I came to CSIAMUN after a 12 hour flight from Australia a little nervous and filled with anticipation about the days ahead. Contrastingly to my previous misconceptions, the conference was an inspiring and enriching experience that challenged me to think outside the box, collaborate with diverse individuals, and engage in meaningful debate. I had the opportunity to extend my skills over the trip, from public speaking to reasoning and negotiation. Beyond the committee rooms, the experience brought me long lasting friends and memories I'll cherish forever. For anyone considering a conference, I'd highly recommend CSIAMUN as an opportunity to expand your knowledge and step out of your comfort zone!"
